### **A Message from Mayor Preiner**

As governments around the world and across the country deal with daily updates and statistics regarding the COVID-19 pandemic, we need to realize that we all are in this together on a local level too. In Columbus, we have implemented all the Minnesota Department of Health (MDH) recommendations and guidelines as it pertains to Council, staff, and residents.

While other communities have closed their facilities to the public, the Columbus offices are open with limited public contact. We are working to provide essential services to our residents and contractors working in our City.

- City Staff are available via phone **(651) 464-3120** during regular City office hours
- Refer to the City's website Staff Directory for contact information
- Please read "Notice" for directions for submitting permit application procedures
- Visit the City's website for further updates

As we continue to monitor the rapidly evolving situation around the Coronavirus (COVID-19), our first thought is for the safety and well-being of all residents and businesses impacted by these difficult circumstances. In these unprecedented times, it is important that we come together to support all those impacted. Please be patient with response times to your inquiries and requests as we will do our best to respond to your needs and questions.

You can count on us to continue to do our best serving you and keeping you informed through our website and please remember you can always call the City Offices.
