

## Picture 1

-Bins at one of CST Distribution current customer and we fill them daily. They can sell out a full bin in 4 hours during the middle of May to June

Accurate yardage is as follows:

- **Brown Mulch:** 80 cubic yards
- **Gold Mulch:** 80 cubic yards
- **Hardwood Mulch:** 120 cubic yards
- **Cedar Mulch:** 120 cubic yards
- **Red Mulch:** 80 cubic yards

## Picture 2

Photo example of 6' bin from the Internet:

- Estimated yardage is 250-300 cubic yards per bin.
- The bin is roughly 6' in height (each cement block=2')
- Making the pile roughly 10' high

## Picture 3

Photo example from the Internet:

- Estimated yardage is 100-150 cubic yards
- Difficult to tell due to not seeing side profile of pile
