

ANOKA COUNTY SHERIFF'S OFFICE SHERIFF BRAD WISE

FRIDAY UPDATE: 11.09.23

Scams

11.06 The victim stated she had received two scam phone calls today. The first call was from 612-345-6713. The second was from 763-309-9109. Both callers told her that they were trying to serve her with paperwork. The callers advised that this was their last attempt to contact her. They also provided her with a case number - 202337739. I looked up both phone numbers and the case number. They did not come back to anything on file in our systems. I advised her of this and told her to block the numbers. I advised her that this was most likely a scam. I also informed her that if she was being served with court paperwork, a Deputy would serve them to her in person.

11.07 The victim reported that her and her husband fell for a scam email. She reported that he opened their email account and it appeared to be having problems and locked up. She reported that a screen popped up with an error and to call Microsoft at 866-670-4174. She stated that when her husband called them they had him install "any desk" onto the computer so they could remote access in. After this occurred, they became suspicious after banking questions. They were able to bring the computer into a repair center to have it wiped. They also followed up with their bank and there was no activity at this time. I advised them on changing passwords and creating a new email account.

11.08 The victim found an offer online for a new Samsung Galaxy and Samsung watch, for \$550. He purchased it. He was told that UPS would deliver the package, and he had to give a money order to the UPS person. The transaction was done, but when he later opened the box he found an old phone that didn't work. He tried contacting the unknown "company" and after a few attempts, he received a phone call from a cloned number stating they were the police. They told him that the company obtained an order for protection against him and that he violated it, so now they had an order to detain him unless he paid \$150. He then began thinking this was a scam and the story didn't make a whole lot of sense. I reviewed the phone number (3233063700) and googled it, finding that it was a cloned Department of Homeland Security phone number. He was very thankful for the assistance and really just wanted to make sure his name was cleared.
