MEMORANDUM

Date: March 26, 2021
To: Elizabeth Mursko, City Administrator
Jim Windingstad, Public Works Director
Mayor and City Council Members
From: Kevin Bittner, City Engineer *KFB*
Subject: Bid Award Recommendation – Hornsby Street Improvements, C.P. 21-01
BMI Project No.: R16.120592

As was discussed at the City Council meeting of March 24th, the Council moved to accept the alternate bid of Forest Lake Contracting as the basis of award. Now that the 30-day comment period for the bond sale process has passed, the City Council can proceed to award the contract for this project.

Therefore, I recommend that the City Council award the contract for the Hornsby Street Improvement project to Forest Lake Contracting in the amount of \$1,228,096.60, which reflects the alternate bid option for the B-oil bituminous mixture and sawed and sealed joints.

A preconstruction meeting has been scheduled for April 8th, where we will learn more from Forest Lake Contracting about their construction schedule for the project. I also plan to schedule another (virtual) public information meeting in mid-April to provide updated construction information to the residents and businesses in the project corridor.
