RE: 2021 Utility Fee Schedule
City of Columbus
Project No.: 0R1.123508

Dear Mayor and Council Members:

Many of the fees the City collects are for current operation and maintenance or future capital projects. It is important that these fees keep up with current costs and inflation. The following are recommended adjustments for 2021:

1. Metropolitan Sewer Availability Charge (SAC)
The SAC charge for 2021 remains unchanged at \$2,485.
2. Local Sewer Availability Charge (LSAC)
The 2020 LSAC was \$464 per SAC unit. To keep up with inflation, I recommend this charge be adjusted in accordance with the Engineering News Record Construction Cost Index (CCI). Last year the cost was adjusted according to the CCI from November 2018 to November 2019, which was a percentage rate increase of 1.76%. The CCI adjustment from November 2019 to December 2020 is a percentage rate increase of 2.15%. Applying this percentage, the recommended 2021 LSAC rate is **\$474** per SAC unit.
3. Water Availability Charge (WAC)
The 2020 WAC was set at \$1,660 per equivalent residential unit (ERU). Applying the same percentage rate increase of 2.15% as was applied to the LSAC above, the 2021 recommended WAC rate is **\$1,695** per ERU.

Please contact me if you have any questions on this information.

Sincerely,

Bolton & Menk, Inc.

Kevin F. Bittner, P.E.
City Engineer
